

# Adopt-A-Horse

We enrich the lives of families with special needs children through customized therapeutic experiences.

José is a 16 year old young man with Down syndrome. He began coming to Leg Up Farm for Therapeutic Horseback Riding sessions shortly after the program was launched. The staff and fellow riders find José's enthusiasm for his sessions contagious inside the riding arena. And because of his sessions, José's balance, coordination, self-confidence, and social interactions have all improved. José has now become an independent rider and his bond with the horses fuels his success. He regularly participates in horse shows, recently finishing in 1st and 2nd place for two different categories.

*Our horses need the proper care to stay in peak condition for our precious riders. Adopting one of our amazing animals will provide for their needs including feed, supplements, veterinary care, shoes, stall comfort, and more. Each horse provides hundreds of therapy sessions to our children each year.*

We are proud to recognize our Adopt-A-Horse sponsors in a variety of ways. Supporters at the 12 month/\$3,000 level will receive their name on a stall plaque. Additionally, a poster of the horse you are supporting will hang in our lobby.

Riding is a partnership. The horse lends you his strength, speed and grace, which are greater than yours. For your part you give him your guidance, intelligence and understanding, which are greater than his. Together you can achieve a richness that alone neither can.
